DESCRIPTION

The subject property comprises a substantial modern office building extending to approximately 26,000 sqft.

With windows on all elevations, the building enjoys excellent levels of natural light throughout the day, creating a bright and welcoming working environment.

Internally, the property presents a blank canvas designed for ease of adaptability.

The space is currently laid out as a single occupancy building, offering a combination of open-plan areas and cellular offices.

The building benefits from five separate entrances, providing immediate potential for subdivision into self-contained suites with own door access.

With an abundance of stud walling, the interior can be reconfigured quickly and cost-effectively into approximately six individual suites ranging in size from 2,000 sqft upwards.

This flexible range of sizes and layouts makes the property suitable for a wide range of occupiers.
